## Vision 2024

**Singapore** is situated in one of the most gospel needy regions in the world. Almost all our **neighbouring countries** are included in the 10/40 window which is home to some of the **largest unreached people groups** in the world.

But what if what we see is not a problem, but an **opportunity**? An opportunity where the **harvest is plentiful** and by the grace of our Lord, workers can be trained in Singapore and sent out to **proclaim the gospel in those lands**? An opportunity where pulpits and small groups and kids clubs across Southeast Asia pulsate with **gospel-centered, Bible-based, people-loving** teaching that draws on the riches of the **reformed heritage**?

At **ETCAsia** we do not think that dream is impossible. **Christ is the Lord of the harvest** and he invites us to pray to him to send out workers into his vast harvest field. And so we exist for that purpose: To prayerfully depend on our Lord as we raise up and train a **whole new generation of gospel workers** for Singapore, Southeast Asia, and beyond.

Our **Vision 2024** project is one crucial step in that direction. We hope in that time to build up a **faculty of 5-6 godly members** teaching and mentoring a student body of 60 or more full-time students, of whom **1 in 5** will come from our **neighbouring countries** in Southeast Asia by the year 2024. As each batch graduates and is sent with the gospel back home, our prayer is that the foundations of **expository ministry** which we have taught them will ripple through **local communities** bringing many to new lives.

**Will you join us in this vision? We covet your prayers and financial partnership.**

*Pastor Denesh Divyanathan, Chairman of ETCAsia Board of Directors*

### **Vision 2024 Fund Raising Goal**

To realize **Vision 2024** goals, we are looking to raise a sum of **SGD1.8M by 2021**.

- Our current average expenses is about \$600K per year and we anticipate it to grow to about \$1M or more a year with full faculty supporting a student strength of 60 full time students.
- With \$1.8M raised by 2021, DV, we would have operating buffer for growth in line with Vision 2024 and to support the current faculty transition exercise, while still seeking to achieve funding support for each subsequent year.

We pray that you would partner us both in prayers and financially for the advancement of God's Kingdom in this part of the world.

We look forward to hearing from you!
